### **Corporate Training**

For a unique corporate team-building experience, why not arrange a day, or even a weekend, at AV Studios, where you and your team can be given a taste of the intricate work that goes into constructing leather products. This will include an introduction to the above topics (Pattern Cutting, Handbag Design and Development, Shoemaking etc) and can be customised to suit your specifications. As well as being a fantastic learning experience and team-building event, it will also be great fun.

Cost, date and duration will depend on numbers and individual requirements.
